Sliding Wardrobes Delivered Direct To Your Door

1 Space saving, space creating

Sliding doors not only save you space on the outside of the wardrobe, they also make more of what's on the inside!

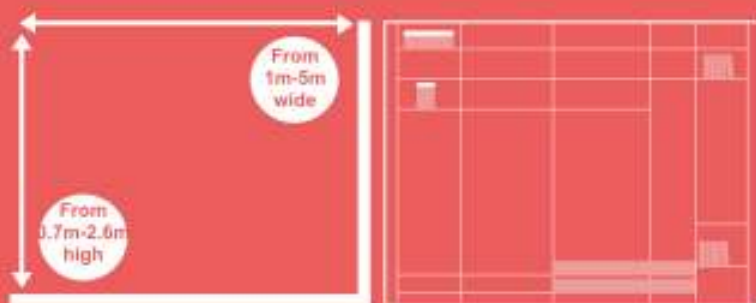

Sliding doors can go from wall to wall or wall to end panel.

2 Fits any space

Our custom sliding doors can be made to fit any space from: 0.7m - 2.6m high and 1m - 5m wide.

Our vesta interior system can be built to fit any space from 1m - 5m wide, filling any space, wall to wall and floor to ceiling.

3 Outside of bedroom

Sliding doors are a great solution outside of the bedroom where they can be used as room dividers in kitchens, pantries, ensuites or utility rooms without losing room depth needed for traditional hinged doors.

4 Easy to install

Our sliding doors can be fitted in just a couple of hours. Simply position and fix your top and bottom track, then position your doors in place.

5 Quality and guarantee

All of our sliding wardrobe doors are manufactured in Paphos at our workshop. All glass is safety backed to BS requirements and our wood finish products are FSC and PEFC registered. We are so confident in our products they all come with a 10 year guarantee.

10 YEAR GUARANTEE

6 Clever Solutions

Quiet as a mouse

Our custom doors come with a sophisticated easy glide brush runner to you will not experience any noise at all.

Easy to install

All of our systems come with easy to follow instructions so your DIY need not be a worry.

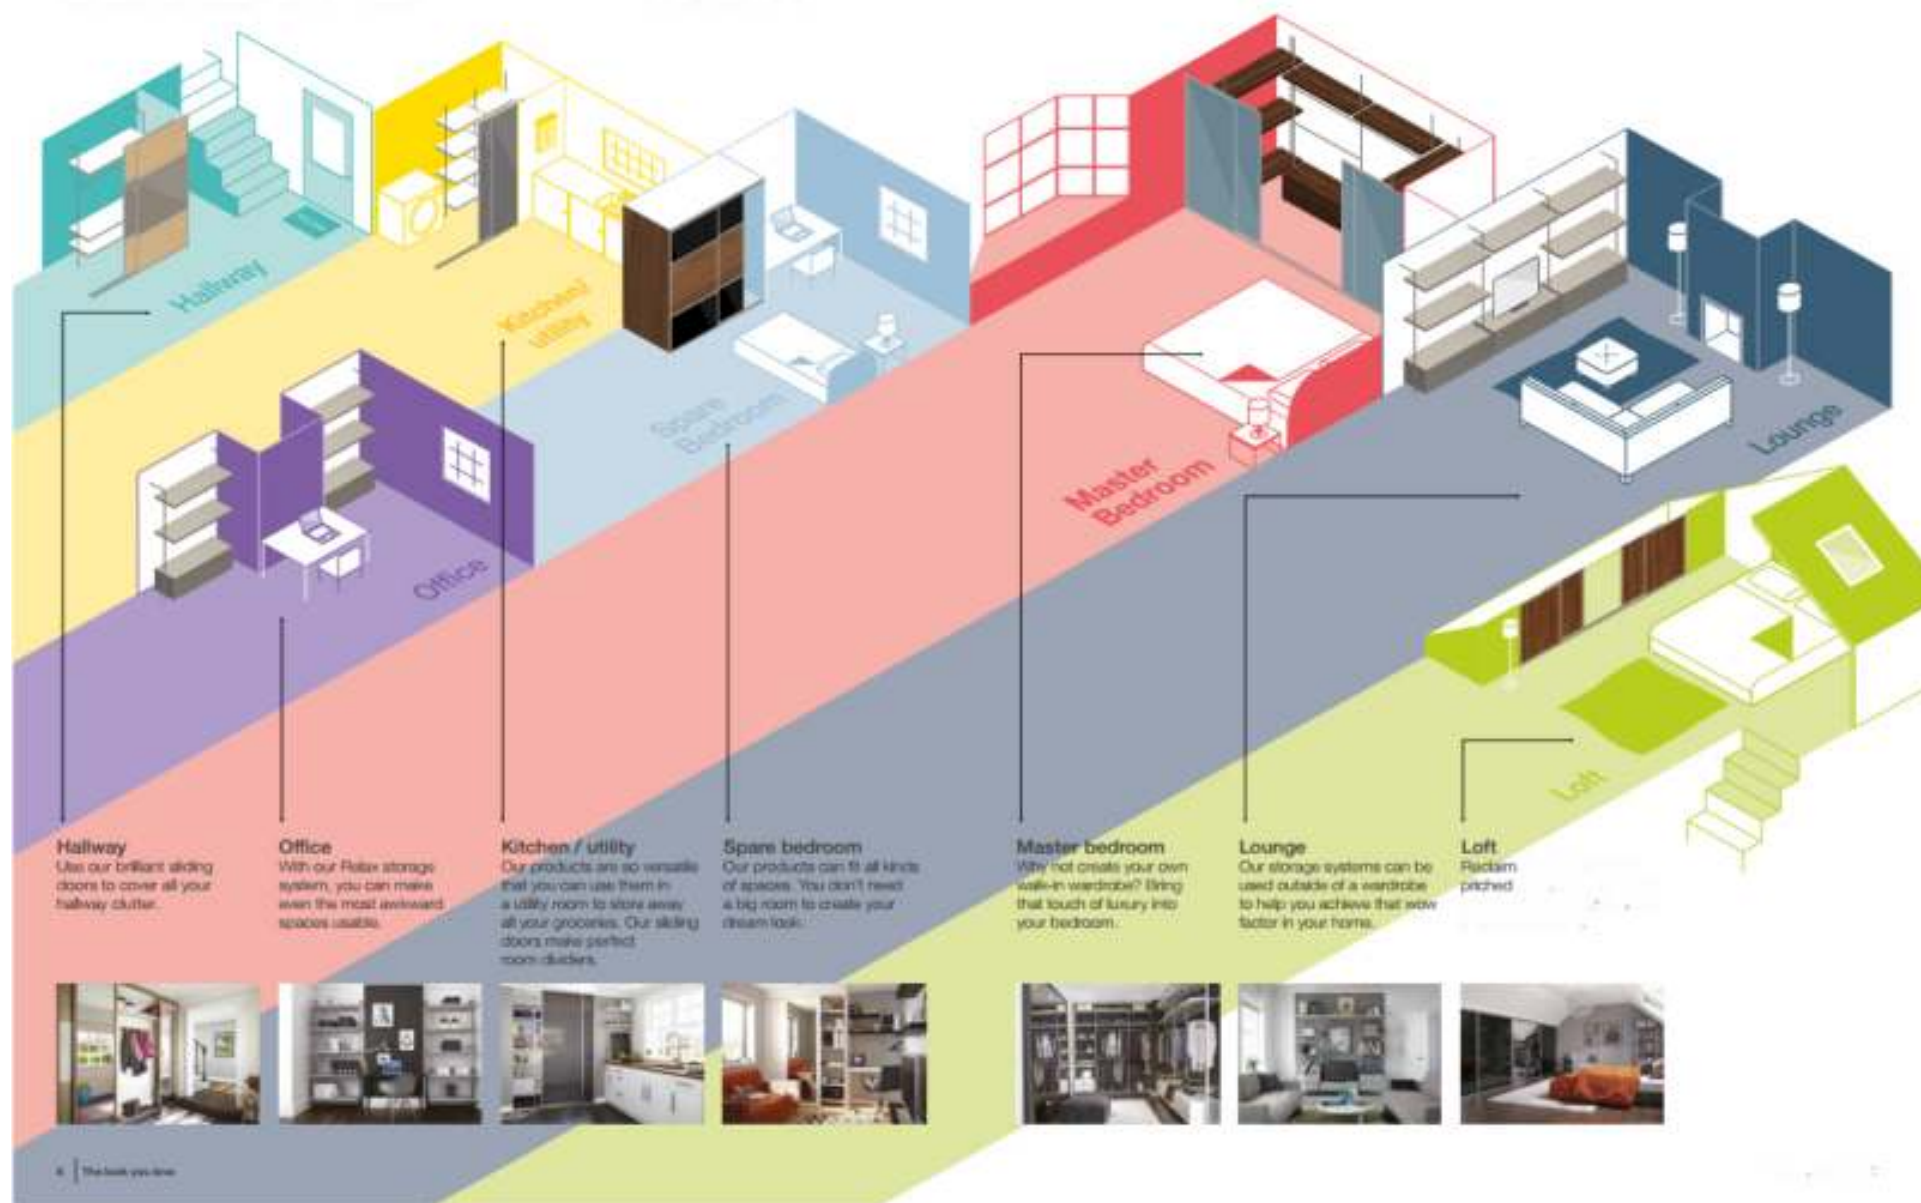

Fits all rooms

You don't need a large space for our sliding wardrobes, our systems are made to fit all kinds of opening spaces.

Blue Mirror

Lacobel is clear float glass covered on one side by high-quality paint. Available in 20 trendsetting colours, the Lacobel glossy painted glass range features an attractive palette of contemporary colours.

The range is divided into three lines: The Classics (3 timeless colours), The Trendies (11 fashionable colours) and The Exclusives (6 unique AGC colours). The glossy look of Lacobel combines seamlessly with its matt alter ego Matelac. In the Lacobel and Matelac 2020 range, 14 colours are common to both finishes – enabling designers to play with combinations shade by shade.

Lacobel is also available in SAFE+ version (EN 12600).

The ideal material for horizontal or vertical applications in furniture and interior design, for example for fronts, shelves, wardrobes or wall claddings.

Eurodekor melanine faced chipboard (in accordance with EN14322) consists of raw chipboard that is covered with decorative paper on both sides. They can be easily cut, edged and processed.

We offer a contemporary and aesthetically demanding solution in the proven EGGER quality within the coordinated set of decor and material Combinations.

All colours shown are available from stock.
